

Smart 130 & 250 for 1 to 4 color print

The Smart Line represents our family of manual pad printing machines. It features cost-effective and manageable systems for large and small printing jobs. All of our models can be easily integrated into already existing systems. They are available as very simple base models and can be expanded into modern multicolor printing systems.

Smart 130 - 1 Color

Smart 250 - 2 Colors

Smart 250 - 4 Colors
