Pad Printing Multifunction Centre

PAD PRINTING MACHINE
Module 200

The Module 200 is a compact and robust pad printing machine that has been fine-tuned for performance. The Module 200 is very reliable and simple to operate, and it works well as a stand-alone printer or is easily integrated into automated systems. In building all microPrint machines

we use only top quality world class components and our workmanship is unparalleled.

Worldwide service

All microPrint machines come complete with our worldwide customer service network and are backed with a **1 year** limited warranty.

Technical data

Printing capacity: without cleaning 1'800 / hr
with cleaning 1200 / hr

Drive: pneumatic & linear motor

Printing force: max. 1'750 N

Pad stroke: max. 140 mm

Compressed air supply: 5 – 6 bar (87 psi)

Air consumption: 240 l/min

Control system: PLC Beckhoff or Panasonic

Main voltage: 110–240 V / 50–60 Hz

Control voltage: 24 VDC

Weight machine: ca. 120 kg

Dimensions: see illustration

Plate size:

Closed System: max. 180 x 360 mm

Plate thickness: 0.5 or 10 mm

Cup size Ø: 1x 86 mm Print Ø: 1x 76 mm

Cup size Ø: 1x 120 mm Print Ø: 1x 110 mm

Cup size Ø: 1x 140 mm Print Ø: 1x 130 mm

Cup size Ø: 1x 160 mm Print Ø: 1x 150 mm

Number of colours: 1
